CLASS POEM

'Though long and hard the journey
And muddy be the road
The one who wants to get ahead
Is the one who carries the load.

There are some who never try
And just don't seem to mind
If their friends keep on progressing
And still leave them behind.

Yet others work so hard and long
And still it doesn't show
That they've done anything at all-
But they'll get there, too, we know.

Still there are others who work along
And though not in a hurry
They always get things done on time
It's easy--they don't worry.

Patience and willingness to work
And the ambition to be someone
Is what it takes from day to day
To earn your place in the sun.

So with our diplomas as our passports
We set out to worlds a-new
And our place in M.C.H.S.
Dear Classmates, we leave to you.

--Etta Heim

CLASS SONG

(Tune-"America The Beautiful")

Oh Senior Class of '42
As we strive for our Success
Let's work for higher principles
And lots of Happiness
Let's face our troubles fair and square
And fight them to the end
Until Success and Fame is ours
And in our lives they blend.

CLASS HISTORY '42

We began our Freshman year with forty-eight members in the class and Paul Osborn as president, Richard Irvin, vice-president, Netha Perry, secretary, and Robert Reed, treasurer. There were so many of us that we were divided into two home rooms with Miss Bottenfield in charge of the girls and Mr. England in charge of the boys.

The annual Freshman weiner roast was held at the home of a senior, Orpha Bivens, and later a Kid party was given for the Freshman as their initiation. The girls wore short dresses and hair bows, and the boys wore knee pants.

The teachers were Miss Bottenfield, Miss Sutton, Miss Schulze, Miss Beutke, Miss Ulmer, Mr. Swan, Mr. England, Mr. Nicol, and Mr. Keyes. All were here except Miss Ulmer, Mr. Swan, and Mr. England. The new ones added to the faculty were Miss Stadtman, Mr. Viseur, and Mr. Lloyd. Mr. Lloyd just recently left us, and Mr. Holley is taking his place.

We started our Sophomore year with our class still divided with Bill Stoutenborough as president, Warren Hastings, vice-president, Richard Irvin, secretary, and Robert Reed, treasurer. Before the year was over we lost five girls and three boys and gained two new members in our class. We had a Scavenger Hunt instead of a regular class party.

In our Junior year we gained eight new members in our class, and the officers for the year were Bill Stoutenborough, as president, Wayne Bennett, vice-president, Frank Hockaday, secretary, and Jim Allsup, treasurer. The Junior play "Enter Mr. Patricia" was given November 29, 1941 with Tirrell Stoutenborough, Norma Braden, Kathleen Nelson, Margaret Boasley, Phyllis Thomas, Bettie Riley, Netha Perry Shirlye Karr, Etta Heim, Bill Smart, Bill Stoutenborough, and Jack Kirby as the cast. Warren Hastings did a splendid job on the ticket sale for the Junior play. We won first place on the float, homecoming day. The Junior-Senior banquet was held at the Sunny Side Club, May 9th. A patriotic theme was carried out. Charlene Wikoff was the Junior Finance Chairman.

Our officers for the Senior year were Norma Braden, president, Frank Hockaday, vice-president, Richard Irvin, secretary, and Russell Atkins, treasurer.

The Senior play "Spring Fever" was given March 27, 1942. The cast is as follows: Kathleen Nelson, Tirrell Stoutenborough, Shirlye Karr, Norma Braden, Margaret Boase

Troyan

ley, Etta Heim, Bill Stoutenborough, Russell Atkins, Jack Kirby, Elmer James, Jim Allsup and Donald Crutcher. This time Andrew Tucknott, managed the ticket sales and did an excellent job of it.

Tirrell Stoutenborough received the D.A.R. award.

The Seniors won first place on their float.

Two of our Senior girls, Tirrell Stoutenborough and Shirlee Karr, were in the one act play which took first place. The most prominent boys in athletics were:

Robert Reed	Warren Hastings
John Zelhart	Jim Allsup
Wayne Bennett	Bill Rohrscheib
Richard Irvin	Robert Gillen
Lawrence Garren	Bill Prather
Bill Smart	

Thus, the class of '42 closes this chapter of its history, as each and everyone goes forth in his separate way. We hope the pathway will not be too rough.

Joe, Steve Reim, Bill Stoutenborough, Kenneth Allison, Jack King, Walter James, Jim Allison and Donald Gratchew. This time Andrew Tschornetzki, managed the ticket sales and did an excellent job of it.

PROPHECY

We, the class of 1942, have engaged a fortune teller to prophesy what will happen to each of us in ten years-- 1952. Here are the results, some of us have bright futures, others not so bright.

My crystal is humming, I hear a buzzing. Ah yes, now I see wings, airplanes. Flying these are Jim Allsup and Paul Osborne. Both of these boys are now quite famous aviators. Mr. Osborne is especially noted for his daring acts in World War No. 2. And talking about daring acts! a black-haired girl is entering the picture. Yes, Doris Gordy has become the first woman test pilot. What's this, a book? Pictures by Lawrence Weikle! daring shots for the first time exposed to the public, taken while he was an ariel photographer on the X29!

What's this, the crystal is becoming a blur, I can't see anything! Something seems to be revolving at a rapid pace. It's slowing down. Why it's a girl on skates. You can see it plainly now. It's the "Ice Capades of 1952" starring Norma Burks, who has recently been crowned "Queen of the Ice" over Sonja Heinie. In contrast with this colorful affair, I see a small skating rink. Who's this proud looking gent? Don't tell me, it's Russell Atkins. Look at that fellow go zooming down the floor. Looks like Lightning Leach. Yes, it's he all right. He and Russell are still hanging around the Clinton skating rink.

I see a dark cloud looming down over my crystal ball. I see disease running rampant in an army camp in Australia. Soldiers are dying. Along side the American flag is the Red Cross flag. I can see three nurses in white uniforms administering aid. Their faces are familiar. No wonder, it's Phyllis Thomas, Bettie Riley and Kathleen Nelson the modern "Florence Nightingales". They seem to be talking about their two pals left at home. I can see the flash back in their minds to the States where Netha Perry is doing her bit for the country as an army hostess. Netha is going to be married as soon as this terrible war is over. Iona Wilkey is head of the Health Department for Civilian Defense.

The scene is rapidly changing. I see water, boats. There's a little fellow. Looks like Calvin Correll. It is! He seems to be a crew member of an oil tanker on the Atlantic. There's another ship. We go into the radio room, and there I see Carl Dial as chief operator. We're out on deck now. Wonder who that man getting ready to take off in that airplane is? He's got a camera with him. Blonde

Troyan

hair, medium height, camera all make him seem very familiar. Why it's Jack Kirby. He's an ace photographer for the navy now.

We switch back to the United States. There's a large crowd following a dark haired, handsome man in navy uniform. I see autograph hunters, photographers all clammering for his attention. Who is this man? He's turning his face toward me. Why it's Wayne Bennett! He's as famous in the navy as MacArthur is in the army right now. One of those photographers looks familiar, too. There's Elmer Garren. He's the ace photographer for the New York Times. What's Bill Rohrscheib, the famous cartoonist doing here? Well, maybe, he's gonna do a cartoon of the great Bennett.

Now my crystal is taking me to the Hall of Fame. Lawrence Garren has just received the coveted position of Tarzan. He replaces Johnny Weismueller. My crystal shows that he has had much experience at being Tarzan, since he started jumping from tree to tree, when but a boy in Grade School.

In Hollywood, I see a new man taking the nation by storm. He's No. 1 man of the movie box office poll. He's mowed down by photographers and autographers. We know this Clark Gable as Elmer James, who first got his start in the all star production of "Spring Fever".

The scene is changing. I see drums, drums, and more drums. In the midst is Bill Smart, popularly known as "King of the Drums".

The scene switches to Chicago at the Trianon, where performing I see a sign "Bob Gillen and his Bob Cats". His saxophone playing has won him a seat in the Hall of Fame. His featured vocalist is none other than that super blues singer, Norma Braden. It seems that her warbling in High School has led her to a new field of work. Sitting over in that corner of the hall is Donald Massey--"National Wheat King of 1952".

Donald Crutcher has the honored position of being the new president of "Safety Drivers of 1952" organization.

Now my crystal is taking me across country to Iowa, where I see a large farm. Andrew Tucknott owns this farm and, the crystal is getting dark. I see a forboding of evil. If you don't watch out, you will lose this farm. Beware of a red-haired man.

Now my crystal is taking me to some colleges. Here the big news is that the University of Illinois basketball

Troyan

team has won the Big 10 conference. The coach is none other than the star of the M. C. H. S. basketball team, Bob Reed. Two new faces hit the lime light of football fame. John Zelhart is the football star of Northwestern and Dick Irvin is the captain of Notre Dame's football squad. These two teams are scheduled to meet soon. It's strange that these two boys should be battling against each other.

Also at Notre Dame, I see a new college professor. He came from a small school in Illinois. The man is Warren Hastings.

Now the scene is turning to the topsy-turvy world of business. Here I find that the well known business manager of America's leading steel corporation to be none other than Bill Stoutenborough. I see a dark-haired girl being sent to Washington. This girl is Charlene Wikoff. Your business course has done you much good.

I see one of the favorites of M. C. H. S. working for the F. B. I.. However, this job will last only until the end of the war. Then, Tirrell Stoutenborough, you will become a high school commerce teacher.

I see a girl traveling, traveling. She never seems to get her fill of it. The girl has black hair, is small, her face is becoming clearer. Yes, it's Roberta Sheets. I must warn you Roberta, do not take any trips until 1953, or a serious accident will befall you.

Again I see Water, Water. There's a person in a bathing suit. He's diving off into the Atlantic ocean. The crowd watching him say he's crazy, that it can't be done. What's this person going to do? It seems his intentions are to be the first man to ever attempt to swim across the Atlantic Ocean. My crystal says that he will succeed. This daring man is Frank Hockaday.

Now I see an author. She's getting much praise. Critics are raving about her. Her new book "Life at M. C. H. S." has made Maroa High School immortal. Helen Greene, my crystal ball shows that you will write many more successful books.

Now my crystal is taking me back to Macon County. There's a large meeting of the Farm Bureau. Who's conducting the meeting? Why it's Wendell Hastings. Who's that sitting beside him? Looks like Bill Prather! He's a champion Hereford raiser. Wonder what he is doing here? My crystal won't tell me any more.

The scene is changing. There's a broad highway. And there's a cop. He's stopping a motorist, giving him a

Troyan

ticket. That hardboiled cop looks familiar. Could it be? It is! Why it's Bill Current. Seems as though he's giving out tickets instead of receiving them. That motorist's car looks familiar, too. It's a convertible, and it's full of girls, the driver is a man. Hm-m-m-m-. That's Gene Hill, still taking the girls for rides.

Now we come to those who will be married: Margaret Beasley will be married and living in Santa Fe, New Mexico. Another person filling this seat is Norma Westerman. Norma will be married in 1944, after having a successful career in the business world.

The scene changes. I see a large crowd at a fashion shop in New York waiting breathlessly for the creations of the famous designer, Shirlie Karr. I don't see Shirlie anywhere. It seems as though she will not appear since she is in Paris, getting new ideas for creations.

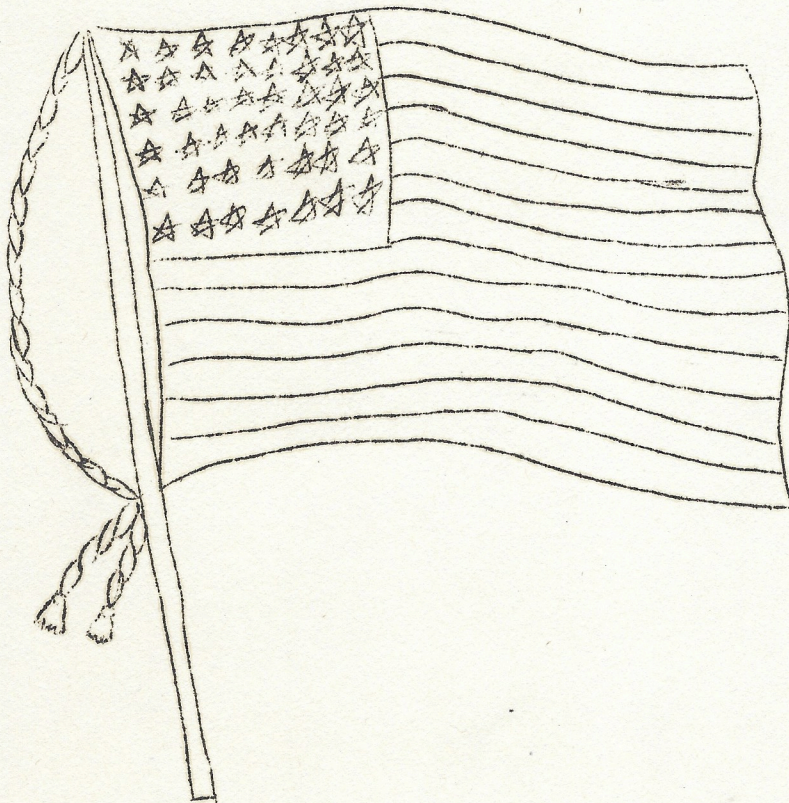

Again the scene changes. I see a large opera building. Standing in the center of the stage is the famous violinist, Etta Heim. Miss Heim started on her world concert tour last month.

My last prediction concerns Don McCleary. He will be a star member of the National Ice Hockey Team.

I hope all of you will heed these predictions and warnings. You cannot change your life or fate no matter what you do. I HAVE PROPHESED!

REVIEW OF 1941-42 FOOTBALL SEASON

Fifty candidates reported at the start of the football campaign and their goal was to bring a third consecutive Championship to M. C. H. S. To all the boys and the fans this goal was accomplished. Although we shared a Co-Championship, we still were undefeated in the Conference. A good deal of the credit goes to Coach Visuer. The boys worked hard with their new coach, Woodrow Visuer. It was through the cooperation and determination on both parts that the team was able to leave a good record for the season.

Our first game of the season was played on Blue Mound's field. We defeated Blue Mound in this game 34-0, but it lost us the services of "Fat" Bennett, one of the best quarter-backs Maroa has ever had. It was in this game that "Fat" got his collar bone broken and was out for the rest of the season.

Our next game was with Shelbyville, and it was also played at Shelbyville. Coach Viseur moved Jim Allsup from the line to quarter-back and Bob Gillen to end. This proved to be a good move, and these boys played these positions for the rest of the season. We suffered our only defeat in this game, but it also showed that the team didn't know when they were licked. Jim Allsup played one of the best games of his career, and came up with the best tackling seen all season. Bob Reed, our Captain, showed he really could take it, when after Jim and "Goose" were taken out of the game, Bob carried the ball on nearly every play. The game ended with Maroa only a few feet from the goal. The final score was Shelbyville, 14, Maroa, 7.

Our next game was with Stonington, and this game was played at home. We defeated Stonington 38 to 7. The line played well in this game. "Goose" played his usual brilliant game in the back-field and got good blocking from Zelhart and Young. Rohrscheib got many tackles in the line.

The next game was with Illiopolis and was probably the hardest game of the season. This game was played away and was played at night. Illiopolis did not score until the third quarter but failed to make the extra point. Maroa got it's touchdown late in the fourth quarter on a run by Garren. Allsup plunged over for the winning point. The score ended, Maroa, 7, Illiopolis, 6.

Our next game with Assumption again brought out the courage of the team. Trailing 13-0 at the half, the team

Troyan

came back and scored twenty one points while holding Assumption to one touchdown. This game kept Maroa's long string of homecoming victories alive.

Our next game with LeRoy was disappointing. The team suffered their first let down. The blocking and tackling was under par and we barely squeezed out a 7 to 0 victory. Maroa pushed the ball within scoring distance many times but did not have that extra something to put it over.

We played our bitter rivals at Lovington the next game, and they were all set to "bump us off", but we had our minds set on a Championship and as a result we won by a score of 38 to 14. The team as a whole played their best ball of the season. The whole line was blocking and tackling, and the backs were running for every inch. "Goose" played another excellent game and got away for many long runs. Bob Reed made two touchdowns that were called back and Bob Gillen played well at end.

Everything was now set for the Championship game the following Friday with Bethany who was also undefeated. When Friday came, the entire field was under water. After calling Bethany, they said they would not set another date. After many Conference meetings, the Coaches and Principals could not agree on a date so they finally decided not to award a trophy to either school, but to the players and to all the fan's we still feel as though we won our third consecutive Championship. We ended the season with 7 victories against 1 defeat and scored 152 points while holding our opponents to 50.

While eight seniors graduate this year there are enough capable reserves for a winning team next year, and maybe they can bring a fourth Championship to M. C. H. S.

Troyan

1941-42 BASKETBALL SEASON

At the start of the '41-'42 basket-ball season, Coach Visuer had some 35 boys to work with including nine veterans. The whole first team was back this year and much was expected of them and as a result we had one of the most successful seasons in the history of M. C. H. S.

We had the honor of winning two trophies for the school this year, one was winning our own blind tourney and the other was capturing the county tourney, which was the high-light of the season. We defeated Hammond in the final of our own tourney to capture first.

In our first game of the county we played Blue Mound and defeated them 52-22 with our second team playing half the game. Our next game was with the last school Niantic, and we gained a 35-32 victory.

The championship game was with Macon, with the lead changing hands many times. We finally won our on a basket by Charles Striech 26-24.

We failed to beat our old rivals at Argenta as they conquered us twice. They gained a two point decision here and beat us by ten points at Argenta.

In the regional tournament at Clinton we drew the last school and they just managed to beat us seven points 35-28. They went on to win the tournament.

Wayne Bennett-----Guard

We had the honor of winning two trophies for the school this year, one was winning our own district tournament and the other was capturing the county championship which was the highlight of the season. We defeated Hammond in the final of our own journey to capture first.

In our first game of the county we played Bismarck and defeated them 32-22 with our second team playing half the game. Our next game was with the last school Natick, and we gained a 32-22 victory.

The championship game was with Natick, with the lead changing hands many times. We finally won our own basket by Charles Serlach 26-24.

We failed to beat our old rivals at Argente as they conquered us twice. They gained a two point decision here and beat us by ten points at Argente.

In the regional tournament at Clinton we drew the last school and they just managed to beat us by a very narrow 25-23. They went on to win the tournament.
